How can we prepare for Al success?

### Al is a strategic enabler across industries

Predictive AI runs businesses today; generative AI brings innovation to the enterprise

#### Revenue generation

- Chatbots
- Campaign and content marketing
- Developer assistants
- Guided selling
- Product innovation

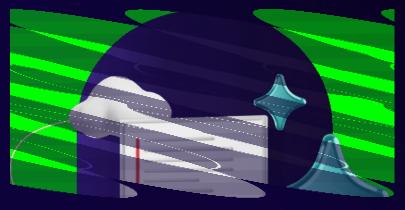

### **Cost optimization**

- Automated Al support
- Knowledgebase search & summarization
- Doc summarization
- Al-optimized logistics
- Augmented product R&D

### Risk management

- Sentiment analysis
- Predict employee attrition
- Contract risk assessment
- Fraud detection
- Al-assisted security operations

### Al demand is high, but there are risks

**55%** 

of leading digital organizations picked Al as a top new investment priority <sup>1</sup>

**58%** 

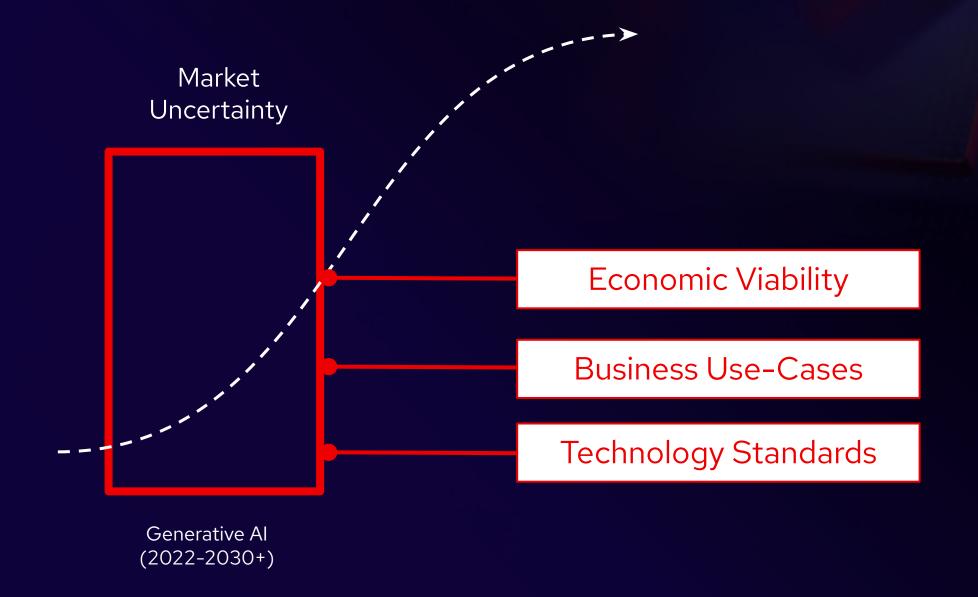

of CIOs will spend more than 5% of their CY25 IT budget on gen Al <sup>2</sup>

A striking number of executives believe that AI is going to revolutionize their business.

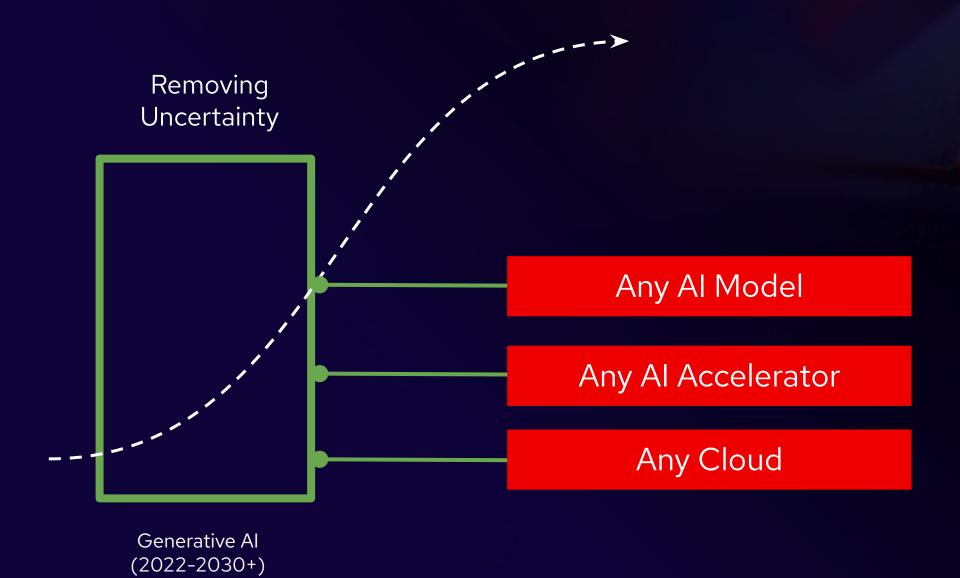

95%

Of organizations are getting zero return on their Gen Al projects <sup>3</sup>

## The uncertainty of the Al transition

## Red Hat and AI - Enabling AI Success

### Red Hat Al 3

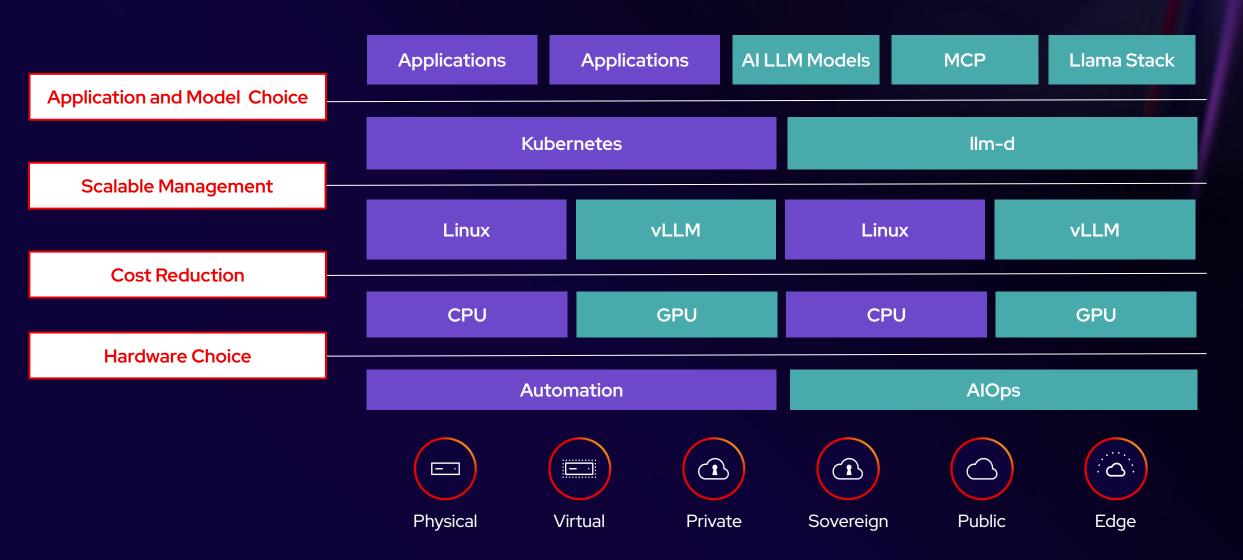

Single Platform for Any Model, Any Accelerator, Any Cloud
